### 70,000 Calles Paraders Meet Resentment Of De La Huerta Friends Sunday

### FREIGHT WRECK NEAR WORTHAM BLOCKS RAIL LINES

Returning Fair visitors and four south bound Southern Pacific passenger trains were delayed three hours Sunday night by a wreck one mile north of Wortham. About one o'clock Sunday afternoon a freight train left the rails at that point. A wrecker responded to the call but it, too, went off the track while righting the derailed freight cars. The Northbound H. & T. C. that leaves here at 3:44 p. m. Sunday afternoon was derailed by Tongue to Corsicana over the T. & B. V. from here. The four trains leaving Dallas at 9, 10, 11 and the special 11:05 backed up behind the wreckage about 1:00 o'clock. Hundreds of Mexicans were on the train, and many of them walked in to Wortham and caught autos for home, while others contented themselves by pondering over the words "so near, yet so far." Report after report was brought back to the passengers by those who inspected the wreck, some asserting that it would be daylight before the trains could possibly get by. This report made business pretty active for a while for service car drivers, who in some instances asked \$10 to drive to Mexia. The wreckage was cleared shortly after three o'clock this morning.

### FRENCH DISCLAIM RESPONSIBILITY FOR REVOLT OF THE SEPARATIST SAYS OFFICIAL ORGAN OF FRANCE

PARIS, Oct. 22.—"France is not responsible for the establishment of the Rhineland Republic," Pertinax, usually regarded as the authoritative mouthpiece of the Government, said in a signed editorial today. "France regards the event as the inevitable consequence of Germany's made course following out passive resistance to Franco-Belgian occupation of the Ruhr." "It was this resistance that caused the gradual break-up of the power of the Central Government in Berlin." "France will treat with the new State on its merits." "The Rhineland Republic must assume its full share of responsibility." Dispatches from various points indicated proclamation of the separatist republic would be completed throughout the Rhineland today. Following issuance of the proclamation at Mayence and occupation of

MEXICO CITY, Oct. 22.—Political situation is dangerously ugly following the arrival of General Elias Calles to open his campaign for president. Political clashes Sunday caused at least five deaths and injuries to many. Calles entered the city at the head of a parade of 70,000 supporters. Demonstrators for De La Huerta, rival candidates, clashed with the Calles paraders.

NEW RULING. WASHINGTON, Oct. 22.—The Supreme Court today held that persons charged with violations of the national prohibition act, before coming to trial in Federal courts need not always be taken before a grand jury for indictment.

ing and the passengers passed cautiously over the new rails laid for them. North bound passenger trains this morning proceeded at schedule time.

No fatalities were reported either among the train men who were in the wreck or among the thousands who waited the signal to proceed. The Mexia party was in high spirits most of the time, being so near, home, to the chagrin and commingling feelings of those who had to ride "all night long."

## Separatists Revolt Against Stresemann Government And Proclaim Rhineland Republic

By CARL D. GROAT, (United Press Staff Correspondent) BERLIN, Oct. 22.—A blow against which the German Republic has been steeling itself fell Sunday. Citizens of the Rhineland area, put on green, red and white arm bands, armed themselves and declared a separate republic.

Aix La Chapelle, Mayence, Duren and other important cities of the buffer country between France and Germany were seized by the Separatists. The French and Belgians occupying the strip of territory in which the uprising occurred did not interfere.

The one hope of the Stresemann Government, ill-equipped to meet the revolt and harassed by trouble in Bavaria and economic difficulties, was that the separatists revolt was premature.

It was understood at first that Herr Smeets and Dr. Dorten, who all along have been the recognized leaders of the Rhineland Republic movement, had not authorized yesterday's proclamations. At Aix La Chapelle, most important of the Rhineland cities seized, the proclamations, which were posted about the city, were signed by Leo Deckers and Dr. Guhardt, more or less independent separatist agitators.

Dr. Mattode who has been proposed as provisional president of the first Rhineland Republic is reported by French sources to have formed a provisional Government at Duren. This would seem to indicate that the recognized leaders of the separatist movement were with those who started yesterday's coup.

So far comparative calm apparently has marked the progress of the separatist revolt. French sources reported an unimportant clash of troops and separatists at Mayence at dawn today, after which the revolters were reported to have withdrawn temporarily to the outskirts.

AT GROSSGERAN BRUSSELS, Oct. 22.—The Rhineland separatists have occupied Grossgeran, Russelsheim and Starlenburg, according to a message received at noon from Aix La Chapelle.

NO RESISTANCE DUSSELDORF, Oct. 22.—Separatists have proclaimed the Rhineland Republic in Trier, Badens, Munchen and Gladbach, disarming local police, according to advices here today.

No resistance was met anywhere.

AT MAYENCE MAYENCE, Oct. 22.—Separatists were in control of all public buildings here today.

Proclamations were posted throughout the city announcing establishment of the Rhineland Republic. The separatists movement, long engineered by a strong party under leadership of Dr. Borten, was proceeding with little opposition.

The "putsch" came as a complete surprise, separatist forces quietly occupying the public buildings at 3 a. m.

Two men were wounded. The separatists withdrew to the outskirts of the city.

NEW COLORS FLY LONDON, Oct. 22.—Aix La Chapelle is tranquil and life is proceeding normally, the correspondent of the Daily Mail telegraphed.

The principal buildings are flying the red, green and white ensigns of the Rhineland Republic. Armed Republican forces are marching through the streets without uniforms except for red, white and green armlets.

## Walton Confronted By Serious Charges Including Bribery

OKLAHOMA CITY, Oct. 22.—Added to the report submitted to the Oklahoma legislators by the impeachment committee was a 23rd charge in which a charge was made against Governor Jack Walton for "Conspiracy entered into with Val Garner and others" in which it is stated that they "did solicit and secure a bribe of \$6,000 in cash for executive approval of the state appropriation for the 'University Preparatory School'"

### IMPEACHMENT CHARGES

OKLAHOMA CITY, Ok., Oct. 22.—Twenty-two impeachment charges against Governor J. C. Walton of Oklahoma with a recommendation for approval were placed before the House of Legislature here today by the special House investigating committee.

The committee, headed by W. E. Disney, Muskogee, completed their investigation early today and submitted their report shortly after the House convened this afternoon.

In submitting their report, the committee declared "that Governor J. C. Walton is guilty of wilful neglect of duty, incompetency, corruption in office and of offenses involving moral turpitude."

The charges made against the Governor were in summary:

1. Appointment of Charles B. Baskin to the office of Judge of the second judicial district of Oklahoma during the term of office as a member of the House of Representatives to which he had been previously elected.
2. Diversion and appropriation of funds from the State treasury to private use under the guise of placing his chauffeur, T. P. Edwards, on the payroll of the health department as an officer therein.
3. Prohibiting and preventing the convening of a grand jury in Oklahoma county by declaration of State-wide martial law.
4. Use of official influence and power to acquire private credit and property. Under this charge, the Governor's purchase of a \$48,000 home was declared completed after the disposal of \$30,000 in notes to E. W. Marland, nationally known Oklahoma oil millionaire. The purchase of the notes by Marland "put Governor Walton under great financial obligation to Marland in such a manner and form as to interfere with the free and voluntary exercise of his judgment and vote as ex-officio chairman and member of the board of equalization," the report said.
5. Threatened use of the veto power to acquire money for private use by demanding and requiring citizens of the State to contribute money in order to secure his approval of an appropriation for the University preparatory school at Tonkawa, Ok.
6. Suspension and denial of the privilege of the writ of habeas corpus by declaration of State-wide martial law.
7. Preventing the assembling of members and the convening of the House of Representatives of Oklahoma on Sept. 26, 1923, called as an inquisitorial body to investigate charges and counter charges of misfeasance and malfeasance in the office of State officials.
- 8 and 11 inclusive. Declaration of martial law in Oklahoma county, the city of Tulsa, the county of Tulsa, and State-wide martial law without cause or reason.
12. Attempted prevention of the

Authorities said Gray was not seriously hurt, although he was stunned by the blow and sustained a deep gash on the forehead. No date has been set for Gray's electrocution.

Mr. and Mrs. W. B. Landrum returned from Dallas Saturday night.

A large number of Mexicans attended the Cotton Palace Sunday.

special election upon five referendum measures and one initiative petition, Oct. 2.

13. Appointment and employment of large numbers of persons upon the State payroll when no statutory authority existed therefore.

14. Refusal to permit the execution of the law imposing the death penalty for crimes committed within the State.

15. Unlawful issuance of a deficiency certificate amounting to \$10,000.

16. Abridgement of the freedom of the press and censorship of the Tulsa Tribune and the Henryetta Free-Lance under martial law administration.

17. Appointment and attempted authorization of special officers to investigate law violations in addition to regularly elected peace officers.

18. Violation of the official oath taken at the assumption of office as Governor of Oklahoma through false enumerating campaign expenditures.

19. Abuse of pardon and parole power by issuance acts of executive clemency for the purpose allowing and permitting friends and political supporters to make lucrative fees.

20. Collection through various offices of the State and individuals large sums of money for his own private use and benefit in return for executive favor.

21. Unlawful issuance of a deficiency certificate for the salary fund of the colored orphans home at Taft, Okla., for \$4,000.

22. General charges of incompetency.

Another report, supplementary to that presented the house today will be submitted by the House committee sometime this week, according to W. E. Disney, today.

Balloting for the impeachment charges was to be started with the completion of the reading of the report, House leaders indicated.

Entered as second-class matter, February 26, 1919, at the Postoffice at Mexia, Texas, under the act of March 3, 1879.

Most important to the maintenance of prosperity is a fair day's work.

Gas industry is now adding new customers to its gas mains at the rate of 360,000 a day.

Statistics show that 25,000,000 Americans, nearly one-fourth of the nation's population, have savings accounts in state and national banks.

A Senatorial Committee investigating the fire insurance industry in the state of Illinois found that out of the average insurance dollar, 99 cents stayed in the State.

Steel rail mills of the country, with one exception, are booked to capacity until next June. Railroads are expected to place between 20,000 and 25,000 cars and considerable tonnages of track fastening.

Omaha had a failure of its municipal water supply caused by caving in of the Missouri river which filled the mains and service pipes with liquid mud. Damage done the city and industries is estimated at \$15,000,000, and 200,000 people were deprived of water for a week in August. The city acquired the plant ten years ago and its manager was elected to the United States Senate on a public ownership campaign.

There was, at the end of 1922, 10,789,084 central station customers for electricity in this country, of which 78 per cent were residential consumers of light and power; 17 per cent, users of industrial lighting, and 4 per cent industrial power consumers. The remaining 1 per cent is not accounted for. This total of more than ten million was divided numerically as follows: 8,467,600 residential customers, 1,896,900 industrial lighting customers, 429,584 industrial power customers.

In order that some idea may be reached as to the average cost of house rent in Mexia, The News is asking all local business men to submit what they pay for rent business houses here. This list will be published as soon as available, for the light that it may shed on the subject. Also rentals paid by citizens for homes will be published in sufficient numbers to allow the home seeker an opportunity to know just what he might expect to pay for rent for a home in Mexia.

## HOW CAN A POOR MAN GET AHEAD?

The Financial Experience of the Laundress Who Bought a \$6,500 Home.

(This is the fourth of twelve true stories of wage earners and salaried men and women who have found the road to financial independence).

By Samuel O. Rice, Educational Director  
Investment Bankers Association of America.

Among the trusting Americans who have put 3 billion dollars into worthless securities and more than \$500,000,000 into German marks since the war is not Mrs. Maymie Tenowitz, laundress, a widow, who recently bought a \$6,500 home and who has given her 18-year-old daughter, Marguerite, a normal school education.

Mrs. Tenowitz moved from a Wisconsin farm to town in 1907. A year later her husband's death left her with a baby daughter to support. She became a laundress at \$1.50 a day. Of the \$0 weekly wage \$1 went into a savings account in the bank. It was sore temptation not to touch it in times of stress. Neighbors and relatives begged for loans. Others urged Mrs. Tenowitz to buy stocks, which, they said, would yield much more than savings bank interest, and might make her rich. Mrs. Tenowitz knew the savings account was safe. She knew nothing about stocks. She saved almost \$400 in five years.

When she had \$500 she put it into a little, four-room house that cost \$2,500. With no rent to pay and with two of the four rooms rented, she paid off \$1,000 in monthly installments in less than three years. That left a mortgage of \$1,000, \$60 interest and \$40 a year taxes to meet.

Again Mrs. Tenowitz became a regular visitor to the savings bank. Again she declined opportunities to buy stock or lend money. In less than four years she had another \$1,000. Last summer she sold her little home for \$4,500. She hated to give it up but she felt that it wasn't good enough for Marguerite. She paid \$6,500 for a little nicer house on a neater street. The expense of owning the new home in these days of high rents costs Mrs. Tenowitz less than \$30 a month for taxes, interest and insurance.

"Yes, it has been hard," said this laundress who has never earned more than \$4.16 a day, "but it was worth it. This fall when Marguerite started as a public school teacher at \$150 a month she had a home to which she was proud to bring her friends."

## BOTH TRUTH AND POETRY

By A. NOBLE

Some fellow read that poem of mine.  
He said: "Now, boys, that's simply fine."  
So filled with pep I'm here again  
To tell you 'bout that minstrel train.

It's coming here all loaded full  
With a bunch of boys all full of bull.  
Of fellows like Werner, Rube and Epp  
And all those boys what's got the pep.

There's a lot of songs and a lot of gags,  
And a lot of young fellows that's mostly brags,  
But the best of all and you can bet,  
Is the famous High Brown Quartet.

If you'll pay some 'tention and take a hunk,  
They've got the song that's got the punch.  
Narry a man, not even a hick,  
Would utter a sound or make a kick.

Their harmony fills you with delight,  
They're worth the price on any night.  
The songs they sing will please you too  
They'll please the Gentle or the Jew.

But listen, girls, we've got a demon,  
No less a person than Doctor Leamon;  
He's nimble, nice, cute and quick;  
Some say, however, he's a regular hick.

Another fellow looks sorter like Eugene Debb,  
His first name's Marvin, his last name's Webb;  
He won a diamond in a race,  
'Twas on his feet though, not his face.

There's something else that's mighty fine;  
It's Major Houx on a long slack line.  
He walks that thing from start to finish.  
If he don't, so help me, my name is McGinnis.

There's one more fellow—who's hard to rhyme;  
But patience folks—just give me time;  
His first name's Frank, I wish it was Holton,  
'Cause it's awful hard to rhyme with Bolton.

Old Frank ain't hardly worth a darn,  
But he's got a good line and a great big yarn,  
He's what you'll call a regular sport,  
But he tells me he spends most his time in court.

The part he plays is a sort of Doctor;  
In this show we call him interloctor;  
He tells 'em when to crack their jokes,  
And sorter rules that bunch of smokes.

In all your time where are you go  
You'll never see another show,  
That'll tickle you down to the bottom of your toes,  
And make the flesh crawl up your hose.

Come one, come all—to this awful show,  
Bring the kids along; now let them go;  
A stitch in time saves nine;  
So save your money and help the Shrine.

### Mule Redeems Herself.

The mule was long ago declared to be a humble beast of burden "without pride of ancestry or hope of posterity." The declaration was and is a base slander. The mule has been too busy producing crops of corn and cotton and drawing burdens to give attention to family trees or rearing families. So far as we know history does not give the stamp of hero to any mule. At least it does not mention the name of a mule that wore a halo or gained a tailhold on fame. We believe a mule did play an important part in the Battle of Santiago, but the dispatches, in recording his muleship's part in the contest, merely said, "a mule," and we don't know whether the noble beast was named Jack, Beck or Rhody. But the mule has refused the slander and at the same time knocked out the lore of sages and the theories of Darwin. At the Agricultural and Mechanical college of Texas last week a maremule, 22 years old, foaled a colt which was sired by a 17-year-old stallion owned by the college.—Honey Grove Signal.

And this was not her first colt, for she is the mother of a 2-year-old sired by a jack. Hats off to this mule.

In this day of hurry, scurry and frequent divorces a couple who lives together long enough to celebrate their golden wedding anniversary are entitled to more attention than they get. They are good citizens in the best sense of the word and inconspicuous good citizenship should be more appreciated. A couple celebrating their golden wedding anniversary ought to have at least a gold medal.—Carthage (Mo.) Press.

Such things are common in Texas just now, because such couples were married back in the good old days when marriage was considered a holy contract, and it only remains for good health and straight living for such couples to arrive at the golden anniversary.

National Commander Owsley of the American Legion believes in disarmament and would like to see the day dawn when preparation for war is a back number. However, so long as other nations continue to make programs for war and remain in the race for armed supremacy, he thinks the United States should also get in the game to the end that its power and prestige be not disturbed when the conflict begins. All of which remains that in practically no nation at this time can the dove of peace find a nesting place.—Denison Herald.

In other words, "millions for defense, but not another cent for tribute."

After 65,000 miles of travel during his regime as Commander of the American Legion, Alvin Owsley certainly will be glad to get back to Denton and let somebody else be photographed for a while.—Dallas News.

And we are willing to wager sure enough dollars against a German mark that the new commander will not show up any better before the camera, or an audience, nor anywhere else than did out own "Chesterfield" Owsley. Texas is not ashamed of the showing he made as commander of the Legion.

Messrs Perkins and Wilson, owners, editors and proprietors of the McKinney Courier-Gazette, were both in Dallas last Monday in attendance at Press Day at the Fair. They left that night in their limousines for home. The next day's issue of their paper carried the story of people killing ducks on the highway at night by running over them with their cars. Oh! Hum! They were luckier Monday than some of the boys we met.—Sam Miller in Mineral Wells Index.

What's the matter, Sam, didn't you get your share of the refreshments?

### Gray Addresses Jurors, Entering Plea For Leniency

Mount Pleasant, Texas, Oct. 18.—Clem Gray, himself, this afternoon addressed the jury of Titus County farmers trying him for murder of Otis Ballard.

He spoke briefly, but his voice trembled as he besought the mercy of the jury and begged for a chance to be "the same old Clem Gray like I used to be."

Gray's address was a surprise to the crowded courtroom, and he was heard with an intense and startled silence.

Gray described his down fall in broken sentences which revealed his lack of education. He told the jury that whiskey had brought him to ruin.

"Three years ago you gentlemen know I was a good man," he said. "I got in the wrong business, got to fooling with whiskey and I went from bad to worse. When I got out of one trouble I found myself getting in another."

"Gentlemen, the best time I ever had in my life was when I went to a good road meeting at Hot Springs, Ark., with some of the best people of Titus County. I was happy then because I was associated with good men."

"If I'm ever a free man again I swear I will be the same old Clem Gray I used to be."

Tightly clasping his manacled hands together, and half-facing the crowd, Gray said huskily:

"Gentlemen, I would give my life if I could bring this boy back. It's my wife and babies that are going to suffer. Whatever you do to me, they will be the ones to suffer."

"Gentlemen, be as lenient as you can with me and give me a chance to be like I was before I began to get in trouble. I want to say you have got a good clean bunch of officers. Whatever you do, keep them."—Press Dispatch.

The above should be a lesson to the boys of the country to keep away from bad company, and not take the first step in crime. Drink is often that first step.

## LADIES! DARKEN YOUR GRAY HAIR

The use of Sage and Sulphur for restoring faded, gray hair to its

natural color dates back to grand mother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful results. But brewing at home is messy and out-of-date. Nowadays, by asking a any drug store for a bottle of "Weyeth's Sage and Sulphur Compound" you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair. A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two it becomes beautifully dark and glossy.—(Adv.)

## Herbert A. Murphy of Mexia To Compete for The Rhodes Scholarship to Oxford College

COLLEGE STATION, Oct. 22.—Five students of the A. & M. College of Texas have been designated by President W. B. Bizzell as candidates for the Rhodes Scholarship to Oxford to which Texas is entitled this year. These men chosen from a number of applicants as a result of consideration of their college record, both scholastic and general, are: H. D. Duckett, of Houston; J. F. Longley, of Westover; H. A. Murphy of Mexia; R. A. Rawlins of Lancaster and H. M. Tatum of Dallas.

They will now compete with candidates from other institutions in the state for the single scholarship which is Texas' quota from among the number given by the famous educator to whose name the scholar-

ships are attached.

Professor H. Trantham of Baylor University is secretary of the committee that will make the single selection from among the number of candidates from the various institutions. The first part of the examinations will be a study of a personal written application in the form of statement of qualifications from the various candidates. From this study some of the candidates, the number depending upon the decision of the committee, will be summoned for personal interview with the committee.

Texas A. & M. captured the scholarship given to Texas in 1921 in the application of G. W. Thomas of Grange, who is now in England.

## Few Shifts In Big League Managers

By HENRY L. FARRELL  
(United Press Sports Editor)

NEW YORK, Oct. 22.—Few changes during the winter months are expected among the pilots of the major league baseball clubs. Many of them have been signed to new contracts, several are in bomb-proof jobs and a few have contracts with more time to run.

Miller Huggins, Bill McKeechie, Wilbert Robinson and Arthur Fletcher were given new contracts before their athletes scattered at the close of the season. It was to be expected that they would be retained in their positions.

It was a fine tribute, from a fine man to a fine man, when Col. Jake Ruppert, owner of the New York Yankees, announced that Huggins had been signed to a new contract, and added, "he can have the job as long as he wants it."

The esteem in which Huggins is held by his employer and the confidence that Ruppert has in his little manager was strikingly shown when Ruppert called him in his office, slipped a blank contract on the table and told him to write his own terms.

Huggins, in his characteristic way, would not ask for a raise and would sign only for one year. Ruppert gave him a substantial raise.

After many reports that his services were no longer desired because he "came too high," it was pleasing to all ball fans to learn that Uncle Wilbert Robinson, one of the finest characters in baseball, had been signed to a new three-year contract with the Brooklyn Robins.

Fletcher is one of the greatest managers in the game. He won two pennants for Brooklyn with nothing, and it is within the bounds of reason to hazard a guess that he might win another one under the same conditions before his new contract expires.

Fletcher's grandstand managers might have been pleased if Bill McKeechie had been disposed as manager of the Pirates, but Barney Dreyfus, wisely decided to give Bill another chance. He did well with the Pirates this year, and if he did make the mistake that some of the critical Pittsburgh fans charged against him, he made them in good faith—if that is all right.

There is every reason to believe that the Pirates will be reorganized and perhaps strengthened before the season opens next spring. A deal has already been arranged with the Chicago Cubs by which Hollocher will change places with Maranville. The deal depends upon the consent of the Robins, who now wants to play in Brooklyn.

Art Fletcher did as much as any game human could accomplish with the Phils. At least he kept them fighting, and that is some job, considering what he had to make fight. Fletcher is a smart manager and he is building. He may not win a pennant, but neither will he be remembered forever in the cellar.

Frank Chance deserved another chance with the Boston Red Sox. In the opinion of most baseball fans. He did as well as could be expected under the circumstances, and he might have done better next season.

Since the Red Sox have changed owner, however, it is only logical that the new bosses might want to install a new manager more familiar with their policies and for this reason, it is thought that Lee Lohl, deposed manager of the St. Louis Browns, will get the job.

Fohl certainly deserves a better deal than he got in Cleveland and St. Louis. He is a credit to baseball and a shrewd manager. Jimmy Austin may be retained as manager of the Browns, but it is a cinch bet that he will never do any better than Fohl did with the St. Louis clubs, as long as George Sisler is out of the game.

Sisler claims that his eyes have improved and that he will be able to play again next season. Whether he plays or not, it is probable that he will be given a chance to try his hand at management.

In addition to being a very great player, Sisler is a smart young man, and perhaps he will do no worse than his predecessors, who have been handicapped by an awful weakness at third base and very ordinary pitching.

Clark Griffith, no doubt will be content to let Donio Bush handle the Washington Senators again next season, inasmuch as Doine squeezed the club into the first division. It was

predicted last spring that Bush would succeed with the team if Griffith let him alone—and he did the expected.

John McGraw, Branch Rickey and Tris Speaker, as part owners of their clubs, are certain of their jobs as long as they want to remain. Certainly no change for the better could be made with the Giants and the Indians.

During the middle of the season, it was reported that Pat Moran was slipping in Cincinnati, and since the season ended it was reported that the owners of the Reds might make a change in the management.

The question naturally arises, where and how could the Reds be made to do any better than they did under the Moran regime.

## Coblentz Kiddies Yearn For Real U. S. Santa Claus

COBLENZ, Oct. 22.—(United Press)—The poor German kiddies of Coblentz today looked forward to the Christmas holidays with long faces.

The American Santa Claus, who helped to make their Christmas last year and in other years since the war, something like it was the olden days, has deserted Germany.

Many of the little fellows, who were guests of the American Army of Occupation Christmas committee last year, are hoping against hope that American Santa Claus may manifest himself, perhaps not personally, but by means of gifts through the mail. There is even some talk here that perhaps the American Legion, Veterans of Foreign Wars or some other such organization may not forget the poor children of Coblentz—now under French control.

Last year Christmas in Coblentz was turned into a real holiday and cheer was spread through the Committee of the Rhineland Post No. 700, Veterans of Foreign Wars.

The little kiddies here are still talking about the Christmas feed which the khaki-clad Santa Claus furnished for them. It included all the fixings, from soup to nuts. More than 250 children of the Coblentz district were made to realize that Santa Claus—at least last year—was not a fable. The dinner was served in the post club house, now empty. After the dinner last Christmas, Santa Claus actually appeared in person and distributed gifts to the needy ones. They consist-

ed of children's clothing, underwear and shoes, donated by the American colony in Coblentz. Following the appearance of St. Nick the kiddies were entertained by a real vaudeville show. And with the American soldiers gone, the French police here in his stead and with the German Santa Claus packing a rather meager bag, it is easy to understand why this Christmas will be much different from that in 1922.

## LEARNED TO SHOOT HERE IN AMERICA

DALLAS, Oct. 22.—Many years ago a party of French immigrants came to this country and eventually settled on the banks of the Trinity. Among them was a boy, Gus Santerre, who was unable to shoot a rifle. He had determination and

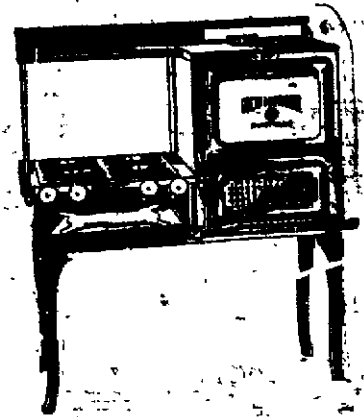

eventually mastered the art, proven by his recently shooting a large timber wolf which had been preying on the Santerre sheep fold. Santerre, now grown, brought the animal down on the run with a well placed rifle shot.

## To Hold Night Session In Dr. Cook et al Trial

FORT WORTH, Texas, Oct. 22.—Night sessions in the trial of Dr. Fredrick A. Cook and his 21 associates on charges of using the mails to defraud in connection with oil stock promotion deals, will start next week, Judge John M. Killits announced in federal court here.

Every effort will be made to speed up the government's case against the defendants, Judge Killits said.

Government witnesses yesterday included purchasers of stocks in Cook's company, the Petroleum Producers association. Most of these testified they bought the stock as the result of letters and circulars received urging them to buy.

S. E. J. Cox, Houston, one of the defendants was under fire yesterday when the government sought to prove he wrote letters urging stockholders to transfer their stock in companies in receivership formerly directed by him and assisted Cook in the latter's advertising and circularization campaign.

Attorneys for Cox argued that he had severed his connection with the Petroleum Producers association when the letters concerning stock in the association were written.

## Auto Races In Kansas City Today

KANSAS CITY, Mo., Oct. 22.—Fourteen drivers were prepared to qualify today for the 250-mile championship speedway race here tomorrow. All drivers faced the necessity of pushing their cars over the board track at a speed of 100 miles an hour before being qualified to start. In practice spins all of the drivers have made laps at 110 miles an hour or better. A prize of \$90,000 is hung up for the winner.

If Eddie Beames should win it will assure him sufficient points to claim the championship of America for 1923.

THE STATE OF TEXAS,

To the Sheriff or any Constable of Limestone County—Greeting:

D. 1923, in a suit numbered on the docket of said Court as No. 4007-B, wherein A. E. Rosson and J. L. Cogdell are Plaintiffs and S. W. Johnson, J. W. McWilliams, H. P. Tate, and Texas Trust Company are Defendants, and said petition alleging that on January 21, 1921, plaintiffs jointly executed a drilling contract and contract for leases to be executed and delivered to defendant, S. W. Johnson; that said contract is of record in Volume 111, page 206, deed records of Lime-

stone County, Texas. That in pursuance of said contract plaintiffs did execute and deliver to S. W. Johnson (whose initials in A. E. Rosson instrument by inadvertence were reversed and show as W. S. Johnson) Oil and Gas leases covering Blocks or lots 5, 7, 13, 18, 19, 26, 27 and South half of Lots 20 and 28; and 200 acres out of the P. Lloyd and D. Varela surveys, together with lots 47, 48, 49, 50, 51, 52, 53, 54, 55 and 57 (as shown by map and plat of the A. E. Rosson 1073 acre ranch and a portion of the J. L. Cogdell Estate. Cogdell Estate, that the lease contracts are recorded in the deed records of Limestone County, Texas, in Vol. 112, page 174, and Vol. 113, page 387, which records give complete descriptions of the lands leased. Each of said leases provides as follows: "Should the first well drilled on the above described land be a dry hole, then and in that event if a second well is not begun on said land within twelve months thereafter, this lease shall terminate as to both parties, unless the lessee, on or before the expiration of said twelve months, shall resume the payment of rental in the same manner as hereinbefore provided."

That no other well was begun on said premises until more than one year after the abandonment of said well on August 18th, 1921; that no one paid any rental on said land or

# Rotary Club Hears Mexia Cotton Market Conditions Discussed By Local Banker and Fellow Member

Blake Smith was leader at the Rotary Luncheon Thursday. He was assisted by Mrs. Blake Smith, T. A. Oldfather and David Murphy. Mrs. Smith and Mr. Oldfather favored the Rotarians with a number of musical selections. Mrs. Smith at the Piano and Mr. Oldfather playing the cornet. Mr. Murphy gave a very able discussion of the Cotton Market Situation in Mexia, urging that this was one of the most vital subjects that any club or set of business men here could consider. He gave a very comprehensive outline of the conditions that now exist and suggested that solutions of the problems could be reached, if the business interests of the city would but combine in their efforts along certain definite lines. His remarks were given careful attention and it is very probable that results will follow this talk before another cotton season rolls around.

Acting President Dr. C. P. McKenzio asked Rotarian Charles Puckett to report at next meeting just what the Boys Club in the Mexia High School proposed and how the Rotary Club might cooperate with them.

## SPORTLIGHTS

By JIMMIE

Saturday was Coach Doc Stewart's day at the State Fair Grounds. After a nip-and-tuck first quarter the Longhorns went on a stampede that the Commodores were unable to stop.

Texas upset the dope by defeating Vandy but it's the first real chance the Longhorns have had to deliver the goods.

The Aggies show that they are up to the old form by defeating the J. S. U. Tigers 28 to 0 and with Thanks giving only five weeks off, our blood is beginning to tingle a little already. There is no question about the prospects for a real battle at College Station Turkey day.

Baylor eliminated the Arkansas razorbacks from the Southwestern

Conference championship Saturday by defeating them 14 to 0.

Basil Jarvis, Papyrus' trainer has no alibi for losing Saturday's race, but we can now breathe lots easier because if the race had been run on a dry track there might have been another tale to tell. Zev showed to be a superior horse throughout the race and was at home on a muddy track, while the English horse felt about the same way a person feels the first time he tries roller skates.

Auburn gave the Army mule a little scare Saturday at West Point by scoring the first touchdown, but the soldiers were too much for the light team of the plainsmen who lost 28 to 6.

Our local boys got the short end of the score for the first time last Friday when the heavy team from Marlin scored two touchdowns against

them, but they have a good chance to redeem themselves next Friday when they meet the strong team from Groesbeck on the local Grid-iron. The Black Cats showed that they have a team that any High School could boast of and we are proud of them.

Notre Dame got the jump on Princeton when Young Don Miller skirted the Princeton right end and ran 70 yards for a touchdown, before the crowd had settled into place. Princeton was completely outplayed during the entire game, their only score of the game being a frank play in the second period, when a blocked punt resulted in a safety. The final score was 25 to 2.

Michigan got away with a 23 to 0 victory over Ohio State when the best they could do with Vandy was a measley little field goal which netted them 3 points. Look out dope.

"Bo" McMillan is putting his team on the map the same way he did Centre. Centenary has won every game played with ease. "Bo" has a team that averages around the 200 pound mark, and his choice of two backfields of different types. One is a light and shifty backfield and the other a heavy line plunging type.

## GOLF PAYS

DALLAS, Oct. 22.—The municipal golf course here is a paying proposition, according to Park Director W. F. Jacoby. He says that operation of the course costs about \$1000 per month and all of the surplus is

put back in improvements. The September revenue totalled \$1761 of which approximately \$500 will be used to build a restaurant for the golf "bags." The greens fees totalled \$869 during September. The course opened May 1, and according to Jacoby has averaged \$333 per month.

## General Goethals To Supervise The Intercoastal Canal

PORT ARTHUR, Oct. 22.—With the object of conducting a personal survey for the purpose of considering the feasibility of constructing the intra-coastal canal from New Orleans to Brownsville, General George W. Goethals, of Panama Canal fame, will establish headquarters in Texas within 30 days. The proposed canal would cover a distance of 900 miles and recent developments indicate its certainty.

JURY SAYS NOT GUILTY  
ARCHER CITY, Texas, Oct. 22.—Robert Fletcher trial on a charge of murder in connection with the death of his father-in-law M. C. Saylor and the latter's daughter in May 1922, was found not guilty by a jury here yesterday.

Fletcher was indicted in connection with the death of Saylor and his daughter after an automobile in which the three had been riding was wrecked and then caught fire and burned.

## W. U. Team Seeks A New Name

ST. LOUIS, Mo., Oct. 22.—(United Press.)—The football team of Washington University here this year has begun an attempt to escape from the nick-name attached to it as the result of the World's Fair here twenty years ago.

During the fair, the strip of ground on which the university is now located was known as "The Pike."

It continued to be called so, and the football team from that same area became "The Pikers."

As "The Pikers," Washington's team was known over the Missouri Valley conference schools.

Now the team and its coaches have rejected the name, proclaiming themselves "The Bears." They don't even recognize themselves under the old moniker.

A call for a Ozark mountain bear as a mascot has been sent out, and the bear will be paraded on the sidelines at the big games this Fall.

Professor Anderson's Food Creations

Whole grains steam exploded

Quaker Puffed Wheat and Quaker Puffed Rice are Professor Anderson's inventions. The grains are steam exploded—shot from guns. Over 125 million steam explosions are caused in every kernel. Thus the food cells are broken for easy digestion, and the elements are fitted to feed.

Flaky, flavory puffs

Quaker Puffed Grains seem like food confections. The airy grains are 8 times normal size. The fearful heat gives them a nut-like taste.

Quaker Puffed Rice is the most delicious cereal dainty, breakfast ever brought, and millions now enjoy it.

Minerals — vitamins — bran

The supreme dish at night time is Quaker Puffed Wheat in milk. The wheat supplies 12 minerals which growing children must have. It supplies their need of bran. Milk supplies the vitamins.

If you want your family to eat more whole grains and more milk, then serve them this enticing dish. Let no day pass without it.

## CITATION BY PUBLICATION

THE STATE OF TEXAS.

To the Sheriff or any Constable of Limestone County—Greeting:

You are hereby commanded to summon J. R. Alford by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper in your County, to appear at the next regular term of the District Court of Limestone County, to be held at the Court House thereof, in Groesbeck, Texas, on the first Monday in November A. D. 1923, the same being the 5th day of November A. D. 1923, then and there to answer an amended petition filed in said Court on the 4th day of October, A. D. 1923, in a suit, numbered on the docket of said Court as No. 2456, wherein Berry Barnett Grocery Company, a corporation, is plaintiff, and N. F. Ferguson, J. A. Underwood, C. B. Jackson and J. R. Alford are defendants, said petition alleging that N. F. Ferguson, J. A. Underwood and C. B. Jackson are partners and doing business under the firm name of Commercial Hotel Company, and J. R. Alford was doing business under the trade name of the Rex Cafe; that plaintiff at the special instance and request of the defendant, Commercial Hotel Company sold to them on the several dates specified in an account certain goods, wares and merchandise being groceries needed in running said business; that in consideration of the sale of said goods, defendant promised to pay therefor the amount charged in said account, being \$804.20; that on October 14, 1921, plaintiff at the instance and request of defendant Rex Cafe sold and delivered to it goods, wares and merchandise which said Rex Cafe agreed to pay to the amount charged therefor being \$620.65, that said cafe was run by J. R. Alford until December 16, 1921, when he sold an interest in said cafe to the Commercial Hotel Company; that at that time said cafe owed this plaintiff the sum of \$589.88; that on or about December 16, 1921, J. R. Alford doing business under the name of Rex Cafe being indebted to the Mexia Wholesale Grocery Company in the sum of \$573.91 the said N. F. Ferguson, and J. R. Alford represented to plaintiff that the said sum of \$573.91 would not have to be paid within thirty days if he, the said Ferguson, would purchase an interest in the Rex Cafe; that said Commercial Hotel Company would pay said \$573.91 within thirty days; plaintiff agreed to said contract and in pursuance thereof the said Ferguson, Underwood and Jackson purchased an interest in said cafe and in consideration thereof promised to pay plaintiff and the Mexia Wholesale Grocery Company the amount mentioned. That the said J. R. Alford transferred to the Mexia Commercial Hotel Company an interest in the Rex Cafe and placed them in possession thereof.

Plaintiff would show that it has purchased of said Mexia Wholesale Grocery Company for a valuable consideration the indebtedness due said Grocery Company from the Rex Cafe and the Commercial Hotel and the same has not yet been paid and plaintiff is entitled to recover said account.

That all of the said accounts are due and unpaid, and the defendants and each of them have refused to pay any part to plaintiff's damage in the sum of \$1845.14.

WHEREFORE, plaintiff prays the court that defendants be cited to appear and answer this petition; that upon a trial hereof they have judgment for said \$1845.14 with interest cost of suit, and such other and further relief, as it may be entitled.

Herein fail not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Alford are defendants, said petition alleging that N. F. Ferguson, J. A. Underwood and C. B. Jackson are partners and doing business under the firm name of Commercial Hotel Company, and J. R. Alford was doing business under the trade name of the Rex Cafe; that plaintiff at the special instance and request of the defendant, Commercial Hotel Company sold to them on the several dates specified in an account certain goods, wares and merchandise being groceries needed in running said business; that in consideration of the sale of said goods, defendant promised to pay therefor the amount charged in said account, being \$804.20; that on October 14, 1921, plaintiff at the instance and request of defendant Rex Cafe sold and delivered to it goods, wares and merchandise which said Rex Cafe agreed to pay to the amount charged therefor being \$620.65, that said cafe was run by J. R. Alford until December 16, 1921, when he sold an interest in said cafe to the Commercial Hotel Company; that at that time said cafe owed this plaintiff the sum of \$589.88; that on or about December 16, 1921, J. R. Alford doing business under the name of Rex Cafe being indebted to the Mexia Wholesale Grocery Company in the sum of \$573.91 the said N. F. Ferguson, and J. R. THINGS SEEN AND HEARD  
 IN KANSAS CITY IN A DAY

BY OUR WANDERING REPORTER  
 The Baltimore Hotel was robbed Sunday night by a bunch of high-jackers and the Police Department have been keeping a watch for a clew near the scene of the hold-up—forgetting that there might yet be a drug-net around I sauntered around from my room today—which is just off the mezz. floor and stopped just over the cashier's desk above the office on the lobby floor—was leaning against a marble rail watching the cashier count his money (possibly on a change of watch) when up to my side walks a stout individual and seemed to come closer than is usual the case. I looked up and who should it be but William J. Burns, Chief of the U. S. Secret Service. I knew him only by the resemblance to his pictures. I called him by name and he seemed surprised that I knew him. This aroused his suspicions the more on account of my knowing him. (as all crooks are well posted on the "vigilantes.") He wanted to know something of me and I told him also that I was in room 133 of this hotel and that he could call on me at any time. But to be sure and make an appointment. I then walked down the steps and left Mr. Burns wondering if he hadn't let a clew slip thru his net.  
 From here I walked over to the Muehlback Hotel and as I strolled thru the lobby walked upon DeWolf Hopper the old comic opera star who is now playing in the Mikado in the city. He is the same virile actor of old and I could not keep from recalling to him the days in the Hippodrome when he was ring master and counted his beauties at the stage door. While passing Parkview theatre on 12th near McGee met a titan haired miss, whose face was very familiar, it was "Yvette" the musicalist. Many in Texas know her by her family name and her home as being in Ohio. She has won her honors and now has her own "collection" of snapshots. That at this time is taking K. C. by storm. She has won her laurels by hard work and fascinates by a personality that goes over the top.  
 Strolled into Kress' to look over the Drug Dunks (I'm one of 'em so can talk about 'em.) You know you can find them in there—saw a fair creature with diamonds and a Ke-

Overland Champion  
 Is Farmer's Friend

New Closed Model Is Beautiful All-Family Car with Wonderful Utility Qualifications

At last the farmer has been given in fact, a type of motor car that the closed car of superior finish inside and outside, that he can utilize for various farm jobs and chores with the same cheerful abandon as he does his open touring car.  
 Thousands of farmers have expressed the opinion that they would gladly use closed cars if they could press them into practical work and get out of them the same all-around service the touring car provides.  
 This has been the farmer's winning argument for the touring car over the closed car for some years and it is admittedly a reasonable one. Practical service on the farm means the hauling of grain and other material to every corner and crevice of the farm.  
 Summing up "practical service" for the farmer means the hauling of milk cans, live poultry, root crops, cans of kerosene, machinery oil, household supplies, garden tools, implement parts, rolls of belting and a long list of every conceivable sort of usable material on the farm from wire fencing to an occasional live calf.  
 No wonder the farmer hesitated to invest his money in a closed car. But now the wonder ceases with the advent of the new Overland closed car, fittingly named the Champion, for the good and logical reason that as long it leads the world in closed car values and "champions" the cause of the farmer in every respect.  
 This new model, having as many personalities as a South American Chameleon can proudly claim the distinction of being called "America's most versatile car" for in introducing the Champion, Willy-Overland has absolutely novel and radically unique;

through the wide rear door, with the satisfaction of knowing that the car can be thoroughly cleaned out later and the rear seat installed for passenger trips. The long grain Spanish upholstery is washable and wearable, to say nothing of being comfortable.  
 Then on the back of the car is a commodious trunk of ample proportions with a warranted lock, in which there is plenty of room for personal effects when traveling or shopping in town.  
 The Champion is solidly built with that thoroughness of workmanship characteristic of all Willy-Overland products. The unusually clever general utility points of this exceptional car are the result of long and careful study on the part of the designers, who had in mind at all times the farmer and his particular needs, and for this reason the Champion will have a strong appeal to the man living away from the metropolitan centers.

Through A Woman's  
 Eyes

By SADIE KIRGAN  
 HOBBIES.  
 "What makes people go crazy," I asked once, a long time ago of a noted Texas doctor. "Lack of hobbies," said he.  
 I thought about that a lots since. I asked the question again of a nurse in a State Asylum a few months past. "Monotony," she told me as she placed a fresh vase of flowers on a table. "Monotony is the deadliest of all things," she added as she swept a fallen petal into a waste basket. "Monotony of work, monotony of play, it is all the same."  
 In a certain district of the New England Hills there is occurring today a strange degeneracy of a people. Due to the drab isolation of life an astounding percentage of the women bear the taint of insanity. Robert Frost, one of the most noted of living American poets, tells the tragic stories of these women in his last book of poetry. "Today I have watched people

going about their different ways. And some have looked happy and some terribly bored. A girl said, 'I wish I had something new—something exciting to do.'  
 Hobbies are blessed things. It need not be something particularly uplifting and intellectual. It may be a game of bridge, or singing, or the piano, or riding, or verse making. It will save many a situation, heal a hurt, and give a fresh lease on work and life.  
 If you have a hobby cultivate it and cling to it. A hobby of course may be carried to excess and become a dangerous thing, but in most cases it is a splendid asset to living.  
 The Methodist Stewards are to hold their regular weekly business session at the church Tuesday night. The conference year is drawing to a close and the officials are anxious to wind up the period with full reports. Every member of the Board is urged to be present by Chairman A. H. Berry.  
 J. W. Ward is here from Waco.

#### FREIGHT WRECK NEAR WORTHAM BLOCKS RAIL LINES

Returning Fair visitors and four south bound Southern Pacific passenger trains were delayed three hours Sunday night by a wreck one mile North of Wortham. About one o'clock Sunday afternoon a freight train left the rails at that point. A wrecker responded to the call but it, too, went off the track while righting the derailed freight cars. The Northbound H. & T. C. that leaves here at 3:44 p. m. Sunday afternoon was derailed by Teague to Corsicana over the T. & B. V. from here. The four trains leaving Dallas at 9, 10, 11 and the special 11:05 banked up behind the wreckage about 1:00 o'clock. Hundreds of Mexicans were on the trains and many of them walked in to Wortham and caught autos for home, while others contented themselves by pondering over the words "so near, yet so far." Report after report was brought back to the passengers by those who inspected the wreck, some asserting that it would be daylight before the trains could possibly get by. This report made business pretty active for a while for service car drivers, who in some instances asked \$10 to drive to Mexia. The wreckage was cleared shortly after three o'clock this morning.

#### FRENCH DISCLAIM RESPONSIBILITY FOR REVOLT OF THE SEPARATIST SAYS OFFICIAL ORGAN OF FRANCE

By JOHN DE CANDT  
(United Press Staff Correspondent)  
PARIS, Oct. 22.—"France is not responsible for the establishment of the Rhineland Republic," Pertinax, usually regarded as the journalistic mouthpiece of the Government, said in a signed editorial today.  
"France regards the event as the inevitable consequence of Germany's made course following our passive resistance to Franco-Belgian occupation of the Ruhr."  
"It was this resistance that caused a gradual break-up of the power of the Central Government in Berlin."  
"France will treat with the new State on its merits."  
"The Rhineland Republic must assume its full share of reparations," Dispatches from various points indicated proclamation of the separatist republic would be completed throughout the Rhineland today.

ing and the passengers passed cautiously over the new rails laid for them. North bound passenger trains this morning proceeded at schedule time.  
No fatalities were reported either among the train men who were in the wreck or among the thousands who waited the signal to proceed. The Mexia party was in high spirits most of the time, being so near, home, to the chagrin and commingled feelings of those who had to ride "all night long."

Preliminary tests, including a short flight, have been made by United States Army aviators, Clover Field, Santa Monica, Cal., with the new Douglas "World Cruiser," a specially designed army airplane, in which fliers hope soon to make the 'round-the-world' flight of more than 30,000 miles. The ship is shown taxiing for her take-off.

#### FIRE DEPARTMENT RESPONDS TWICE TO ALARMS SUNDAY

A Saxon automobile driven by a negro was burned at 2:30 o'clock Sunday morning on Ross Avenue. The Fire Department responded to the alarm and prevented the auto from being a total loss. However, the upholstery on the car was destroyed.  
A second alarm was also turned in Sunday, but it proved to be a false alarm.

#### Walton Confronted By Serious Charges Including Bribery

OKLAHOMA CITY, Oct. 22.—Added to the report submitted to the Oklahoma legislators by the Impeachment committee was a 23rd charge in which a charge was made against Governor Jack Walton for "Conspiracy entered into with Val Garner and others" in which it is stated that they "did solicit and secure a bribe of \$6,000 in cash for executive approval of the state appropriation for the 'University Preparatory School'"

#### IMPEACHMENT CHARGES

OKLAHOMA CITY, Ok., Oct. 22.—Twenty-two impeachment charges against Governor J. C. Walton of Oklahoma with a recommendation for approval were placed before the House of Legislature here today by the special House investigating committee.

The committee, headed by W. E. Disney, Muskogee, completed their investigation early today and submitted their report shortly after the House convened this afternoon.

In submitting their report, the committee declared "that Governor J. C. Walton is guilty of wilful neglect of duty, incompetency, corruption in office and of offenses involving moral turpitude."

The charges made against the Governor were in summary:

1. Appointment of Charles B. Baskin to the office of Judge of the second judicial district of Oklahoma during the term of office as a member of the House of Representatives to which he had been previously elected.
2. Diversion and appropriation of funds from the State treasury to private use under the guise of placing his chauffeur, T. P. Edwards, on the payroll of the health department as an officer therein.
3. Prohibiting and preventing the convening of a grand jury in Oklahoma county by declaration of State wide martial law.
4. Use of official influence and power to acquire private credit and property. Under this charge, the Governor's purchase of a \$48,000 home was declared completed after the disposal of \$30,000 in notes to E. W. Marland, nationally known Oklahoma oil millionaire. The purchase of the notes by Marland "put Governor Walton under great financial obligation to Marland in such a manner and form as to interfere with the free and voluntary exercise of his judgment and vote as ex-officio chairman and member of the board of equalization," the report said.
5. Threatened use of the veto power to acquire money for private use by demanding and requiring citizens of the State to contribute money in order to secure his approval of an appropriation for the University preparatory school at Tonkawa, Ok.
6. Suspension and denial of the privilege of the writ of habeas corpus by declaration of State-wide martial law.
7. Preventing the assembling of members and the convening of the House of Representatives of Oklahoma on Sept. 26, 1923, called as an inquisitorial body to investigate charges and counter charges of misfeasance and malfeasance in the office of State officials.
- 8 and 11 inclusive. Declaration of martial law in Oklahoma county, the city of Tulsa, the county of Tulsa, and State-wide martial law without cause or reason.
12. Attempted prevention of the

special election upon five referendum measures and one initiative petition, Oct. 2.

13. Appointment and employment of large numbers of persons upon the State payroll when no statutory authority existed therefore.

14. Refusal to permit the execution of the law imposing the death penalty for crimes committed within the State.

15. Unlawful issuance of a deficiency certificate amounting to \$10,000.

16. Abridgement of the freedom of the press and censorship of the Tulsa Tribune and the Honnyetta Free-Lance under martial law administration.

17. Appointment and attempted authorization of special officers to investigate law violations in addition to regularly elected peace officers.

18. Violation of the official oath taken at the assumption of office as Governor of Oklahoma through false enumeration of campaign expenditures.

19. Abuse of pardon and parole power by issuance acts of executive clemency for the purpose allowing and permitting friends and political supporters to make lucrative fees.

20. Collection through various offices of the State and individuals large sums of money for his own private use and benefit in return for executive favor.

21. Unlawful issuance of a deficiency certificate for the salary fund of the colored orphan home at Taft, Okla., for \$4,000.

22. General charges of incompetency.

Another report, supplementary to that presented the house today will be submitted by the House committee sometime this week, according to W. E. Disney, today.

Balloting for the impeachment charges was to be started with the completion of the reading of the report, House leaders indicated.

#### Separatists Revolt Against Stresemann Government And Proclaim Rhineland Republic

By CARL D. GROAT,  
(United Press Staff Correspondent).  
BERLIN, Oct. 22.—A blow against which the German Republic has been steeling itself fell Sunday. Citizens of the Rhineland area, put on green, red and white arm bands, armed themselves and declared a separate republic Aix La Chapelle, Mayence, Duren and other important cities of the buffer country between France and Germany were seized by the Separatists.  
The French and Belgians occupying the strip of territory in which the uprising occurred did not interfere.  
The one hope of the Stresemann Government, ill-equipped to meet the revolt and harassed by trouble in Bavaria and economic difficulties, was that the separatists revolt was premature.  
It was understood at first that Herr Smeets and Dr. Dorten, who all along have been the recognized leaders of the Rhineland Republic movement, had not authorized yesterday's proclamations. At Aix La Chapelle, most important of the Rhineland cities seized, the proclamations, which were posted about the city, were signed by Leo Deckers and Dr. Guthardt, more or less independent separatist agitators.

Dr. Mattode who has been proposed as provisional president of the first Rhineland Republic is reported by French sources to have formed a provisional Government at Duren. This would seem to indicate that the recognized leaders of the separatist movement were with those who started yesterday's coup.  
So far comparative calm apparently has marked the progress of the separatist revolt. French sources reported an unimportant clash of troops and separatists at Mayence at dawn today, after which the revolt was reported to have withdrawn temporarily to the outskirts.

AT GROSSGERAN  
BRUSSELS, Oct. 22.—The Rhinish separatists have occupied Grossgeran, Russelsheim and Starlenburg, according to a message received at noon from Aix La Chapelle.

NO RESISTANCE  
DUSSELDROF, Oct. 22.—Separatists have proclaimed the Rheinisch Republic in Trier, Badens, Munchen and Gladbach, disarming local police, according to advices here today.  
No resistance was met anywhere.

AT MAYENCE  
MAYENCE, Oct. 22.—Separatists were in control of all public buildings here today.

Proclamations were posted throughout the city announcing establishment of the Rhineland Republic. The separatists movement, long engineered by a strong party under leadership of Dr. Borten, was proceeding with little opposition.

The "putsch" came as a complete surprise, separatist forces quietly occupying the public buildings at 3 a. m.

Two men were wounded.  
The separatists withdrew to the outskirts of the city.

NEW COLORS FLY  
LONDON, Oct. 22.—Aix La Chapelle is tranquil and life is proceeding normally, the correspondent of the Daily Mail telegraphed.  
The principal buildings are flying the red, green and white ensigns of the Rhinish Republic.  
Armed Republican forces are marching through the streets without uniforms except for red, white and green armlets.

Most important to the maintenance of prosperity is a fair day's work.

Gas industry is now adding new customers to its gas mains at the rate of 360,000 a day.

Statistics show that 25,000,000 Americans, nearly one-fourth of the nation's population, have savings accounts in state and national banks.

A Senatorial Committee investigating the fire insurance industry in the state of Illinois found that out of the average insurance dollar, 99 cents stayed in the State.

Steel rail mills of the country, with one exception, are booked to capacity until next June. Railroads are expected to place between 20,000 and 25,000 cars and considerable tonnages of track fastening.

Omaha had a failure of its municipal water supply caused by caving in of the Missouri river which filled the mains and service pipes with liquid mud. Damage done the city and industries is estimated at \$15,000,000, and 200,000 people were deprived of water for a week in August. The city acquired the plant ten years ago and its manager was elected to the United States Senate on a public ownership campaign.

There was, at the end of 1922, 10,789,084 central station customers for electricity in this country, of which 78 per cent were residential consumers of light and power; 17 per cent, users of industrial lighting, and 4 per cent industrial power consumers. The remaining 1 per cent is not accounted for. This total of more than ten million was divided numerically as follows: 8,467,600 residential customers, 1,896,900 industrial lighting customers, 429,584 industrial power customers.

In order that some idea may be reached as to the average cost of house rent in Mexia, The News is asking all local business men to submit what they pay for rent business houses here. This list will be published as soon as available, for the light that it may shed on the subject. Also rentals paid by citizens for homes will be published in sufficient numbers to allow the home seeker an opportunity to know just what he might expect to pay for rent for a home in Mexia.

HOW CAN A POOR MAN GET AHEAD?

The Financial Experience of the Laundress Who Bought a \$6,500 Home.

(This is the fourth of twelve true stories of wage earners and salaried men and women who have found the road to financial independence).

By Samuel O. Rice, Educational Director  
Investment Bankers Association of America.

Among the trusting Americans who have put 3 billion dollars into worthless securities and more than \$500,000,000 into German marks since the war is not Mrs. Maymie Tenowitz, laundress, a widow, who recently bought a \$6,500 home and who has given her 18-year-old daughter, Marguerite, a normal school education.

Mrs. Tenowitz moved from a Wisconsin farm to town in 1907. A year later her husband's death left her with a baby daughter to support. She became a laundress at \$1.50 a day. Of the \$9 weekly wage \$1 went into a savings account in the bank. It was sore temptation not to touch it in times of stress. Neighbors and relatives begged for loans. Others urged Mrs. Tenowitz to buy stocks, which, they said, would yield much more than savings bank interest, and might make her rich. Mrs. Tenowitz knew the savings account was safe. She knew nothing about stocks. She saved almost \$400 in five years.

When she had \$500 she put it into a little, four-room house that cost \$2,500. With no rent to pay and with two of the four rooms rented, she paid off \$1,000 in monthly installments in less than three years. That left a mortgage of \$1,000, \$60 interest and \$40 a year taxes to meet.

Again Mrs. Tenowitz became a regular visitor to the savings bank. Again she declined opportunities to buy stock or lend money. In less than four years she had another \$1,000. Last summer she sold her little home for \$4,500. She hated to give it up but she felt that it wasn't good enough for Marguerite. She paid \$6,500 for a little nicer house on a neater street. The expense of owning the new home in these days of high rents costs Mrs. Tenowitz less than \$30 a month for taxes, interest and insurance.

"Yes, it has been hard," said this laundress who has never earned more than \$4.16 a day, "but it was worth it. This fall when Marguerite started as a public school teacher at \$150 a month she had a home to which she was proud to bring her friends."

BOTH TRUTH AND POETRY

By A. NOBLE

Some fellow read that poem of mine;  
He said: "Now, boys, that's simply fine."  
So filled with pep I'm here again  
To tell you 'bout that minstrel train.

It's coming here all loaded full  
With a bunch of boys all full of bull.  
Of fellows like Werner, Rube and Epp,  
And all those boys what's got the pep.

There's a lot of songs and a lot of gags,  
And a lot of young fellows that's mostly brags,  
But the best of all and you can bet,  
Is the famous High Brown Quartet.

If you'll pay some 'tention and take a hunch,  
They've got the song that's got the punch.  
Narry a man, not even a hick,  
Would utter a sound or make a kick.

Their harmony fills you with delight,  
They're worth the price on any night.  
The songs they sing will please you too  
They'll please the Gentle or the Jew.

But listen, girls, we've got a demon,  
No less a person than Doctor Leamon;  
He's nimble, nice, cute and quick;  
Some say, however, he's a regular hick.

Another fellow looks sorter like Eugene Debb,  
His first name's Marvin, his last name's Webb;  
He won a diamond in a race,  
'Twas on his feet though, not his face.

There's something else that's mighty fine;  
It's Major Houx on a long slack line.  
He walks that thing from start to finish.  
If he don't, so help me, my name is McGinnis.

There's one more fellow—who's hard to rhyme  
But patience folks—just give me time;  
His first name's Frank, I wish it was Holton,  
'Cause it's awful hard to rhyme with Bolton.

Old Frank ain't hardly worth a darn,  
But he's got a good line and a great big yarn,  
He's what you'll call a regular sport,  
But he tells me he spends most his time in court.

The part he plays is a sort of Doctor;  
In this show we call him interlocutor;  
He tells 'em when to crack their jokes,  
And sorter rules that bunch of smokes.

In all your time where ere you go  
You'll never see another show,  
That'll tickle you down to the bottom of your toes,  
And make the flesh crawl up your nose.

Come one, come all—to this awful show,  
Bring the kids along; now let them go;  
A stitch in time saves nine;  
So save your money and help the Shrine.

Mule Redeems Himself.

The mule was long ago declared to be a humble beast of burden "without pride of ancestry or hope of posterity." The declaration was and is a base slander. The mule has been too busy producing crops of corn and cotton and drawing burdens to give attention to family trees or rearing families. So far as we know history does not give the stamp of hero to any mule. At least it does not mention the name of a mule that wore a halo or gained a tailhold on fame. We believe a mule did play an important part in the Battle of Santiago, but the dispatches, in recording his muleship's part in the contest, merely said, "a mule," and we don't know whether the noble beast was named Jack, Beck or Rhody. But the mule has refused the slander and at the same time knocked out the lore of sages and the theories of Darwin. At the Agricultural and Mechanical college of Texas last week a maremule, 22 years old, foaled a colt which was sired by a 17-year-old stallion owned by the college—Honey Grove Signal.

And this was not her first colt, for she is the mother of a 2-year old sired by a jack. Hats off to this mule.

In this day of hurry, scurry and frequent divorces a couple who lives together long enough to celebrate their golden wedding anniversary are entitled to more attention than they get. They are good citizens in the best sense of the word and inconspicuous good citizenship should be more appreciated. A couple celebrating their golden wedding anniversary ought to have at least a gold medal.—Carthage (Mo.) Press.

Such things are common in Texas just now, because such couples were married back in the good old days when marriage was considered a holy contract, and it only remains for good health and straight living for such couples to arrive at the golden anniversary.

National Commander Owsley of the American Legion believes in disarmament and would like to see the day dawn when preparation for war is a back number. However, so long as other nations continue to make programs for war and remain in the race for armed supremacy, he thinks the United States should also get in the game to the end that its power and prestige be not disturbed when the conflict begins. All of which remains that in practically no nation at this time can the dove of peace find a fitting place.—Denison Herald.

In other words, "millions for defense, but not another cent for tribute."

After 65,000 miles of travel during his regime as Commander of the American Legion, Alvin Owsley certainly will be glad to get back to Denton and let somebody else be photographed for a while.—Dallas News.

And we are willing to wager sure enough dollars against a German mark that the new commander will not show up any better before the camera, or an audience, nor anywhere else than did out own "Chesterfield" Owsley. Texas is not ashamed of the showing he made as commander of the Legion.

Messrs Perkins and Wilson, owners, editors and proprietors of the McKinney Courier-Gazette, were both in Dallas last Monday in attendance at Press Day at the Fair. They left that night in their limousines for home. The next day's issue of their paper carried the story of people killing ducks on the highway at night by running over them with their cars. Oh! Hum! They were luckier Monday than some of the boys we met.—Sam Miller in Mineral Wells Index.

What's the matter, Sam, didn't you get your share of the refreshments?

Gray Addresses Jurors, Entering Plea For Leniency  
Mount Pleasant, Texas, Oct. 18.—Clem Gray, himself, this afternoon addressed the jury of Titus County farmers trying him for murder of Otis Ballard.

He spoke briefly, but his voice trembled as he besought the mercy of the jury and begged for a chance to be "the same old Clem Gray like I used to be."

Gray's address was a surprise to the crowded courtroom, and he was heard with an intense and startled silence.

Gray described his down fall in broken sentences which revealed his lack of education. He told the jury that whiskey had brought him to ruin.

"Three years ago you gentlemen know I was a good man," he said. "I got in the wrong business, got to fooling with whiskey and I went from bad to worse. When I got out of one trouble I found myself getting in another."

"Gentlemen, the best time I ever had in my life was when I went to a good road meeting at Hot Springs, Ark., with some of the best people of Titus County. I was happy then because I was associated with good men."

"If I'm ever a free man again I swear I will be the same old Clem Gray I used to be."

Tightly clasping his manacled hands together, and half-facing the crowd, Gray said huskily:

"Gentlemen, I would give my life if I could bring this boy back. It's my wife and babies that are going to suffer. Whatever you do to me, they will be the ones to suffer."

"Gentlemen, be as lenient as you can with me and give me a chance to be like I was before I began to get in trouble. I want to say you have got a good clean bunch of officers whatever you do, keep them."—Press Dispatch.

The above should be a lesson to the boys of the country to keep away from bad company, and not take the first step in crime. Drink is often that first step.

LADIES! DARKEN  
YOUR GRAY HAIR  
The use of Sage and Sulphur for  
restoring faded, gray hair to its

natural color dates back to grand mother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful results. But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyleth's Sage and Sulphur Compound" you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair. A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two it becomes beautifully dark and glossy.—(Adv.)

## Herbert A. Murphy of Mexia To Compete for The Rhodes Scholarship to Oxford College

COLLEGE STATION, Oct. 22.—Five students of the A. & M. College of Texas have been designated by President W. B. Bizzell as candidates for the Rhodes Scholarship to Oxford to which Texas is entitled this year. These men chosen from a number of applicants as a result of consideration of their college record, both scholastic and general, are: H. D. Duckett, of Houston; J. F. Longley of Westover; H. A. Murphy of Mexia; R. A. Rawlins of Lancaster and H. M. Tatum of Dallas.

They will now compete with candidates from other institutions in the state for the single scholarship which is Texas' quota from among the number given by the famous educator to whose name the scholar-

ships are attached.

Professor H. Trantham of Baylor University is secretary of the committee that will make the single selection from among the number of candidates from the various institutions. The first part of the examination will be a study of a personal written application in the form of statement of qualifications from the various candidates. From this study some of the candidates, the number depending upon the decision of the committee, will be summoned for personal interview with the committee.

Texas A. & M. captured the scholarship given to Texas in 1921 in the application of G. W. Thomas of Grange, who is now in England.

## Few Shifts In Big League Managers

(By HENRY L. FARRELL  
(United Press Sports Editor))

NEW YORK, Oct. 22.—Few changes during the winter months are expected among the pilots of the major league baseball clubs. Many of them have been signed to new contracts, several are in bomb-proof jobs and a few have contracts with more time to run.

Miller Huggins, Bill McKeechie, Wilbert Robinson and Arthur Fletcher were given new contracts before their athletes scattered at the close of the season. It was to be expected that they would be retained in their positions.

It was a fine tribute, from a fine man to a fine man, when Col. Jake Ruppert, owner of the New York Yankees, announced that Huggins had been signed to a new contract, and added, "he can have the job as long as he wants it."

The esteem in which Huggins is held by his employer and the confidence that Ruppert has in his little manager was strikingly shown when Ruppert called him in his office, slapped a blank contract on the table and told him to write his own terms.

Huggins, in his characteristic way, would not ask for a raise and would sign only for one year. Ruppert gave him a substantial raise.

After many reports that his services were no longer desired because he "came too high," it was pleasing to all ball fans to learn that Uncle Wilbert Robinson, one of the finest characters in baseball, had been signed to a new three-year contract with the Brooklyn Robins.

Floppy is one of the greatest managers in the game. He won two pennants for Brooklyn with nothing, and it is within the bounds of reason to hazard a guess that he might win another one under the same conditions before his new contract expires.

Pittsburgh's grandstand managers might have been pleased if Bill McKeechie had been disposed as manager of the Pirates, but Barney Dreyfuss wisely decided to give Bill another chance. He did well with the Pirates this year, and if he did make the mistake that some of the critical Pittsburgh fans charged against him, he made them in good faith—if that is an alibi.

There is every reason to believe that the Pirates will be reorganized and perhaps strengthened before the season opens next spring. A deal has already been arranged with the Chicago Cubs by which Hollerich will change places with Maranville. The deal depends upon the consent of the Rabbit, who now wants to play in Brooklyn.

Art Fletcher did as much as any game human could accomplish with the Phils. At least he kept them fighting, and that is some job, considering what he had to make fight. Fletcher is a smart manager and he is building. He may not win a pennant, but neither will he remain forever in the cellar.

Frank Chance deserved another chance with the Boston Red Sox, in the opinion of most baseball fans. He did as well as could be expected under the circumstances, and he might have done better next season.

Since the Red Sox have changed owners, however, it is only logical that the new bosses might want to install a new manager more familiar with their policies and, for this reason, it is thought that Lee Fohl, deposed manager of the St. Louis Browns, will get the job.

Fohl certainly deserves a better deal than he got in Cleveland and St. Louis. He is a credit to baseball and a shrewd manager. Jimmy Austin may be retained as manager of the Browns, but it is a cinch bet that he will never do any better than Fohl did with the St. Louis clubs, as long as George Sisler is out of the game.

Sisler claims that his eyes have improved and that he will be able to play again next season. Whether he plays or not, it is probable that he will be given a chance to try his hand at management.

In addition to being a very great player, Sisler is a smart young man, and perhaps he will do no worse than his predecessors, who have been handicapped by an awful weakness at third base and very ordinary pitching.

Clarke Griffith, no doubt will be content to let Donie Bush handle the Washington Senators again next season, inasmuch as Doine squeezed the club into the first division. It was

## Coblentz Kiddies Yearn For Real U. S. Santa Claus

COBLENZ, Oct. 22.—(United Press)—The poor German kiddies of Coblentz today looked forward to the Christmas holidays with long faces.

The American Santa Claus, who helped to make their Christmas last year and in other years since the war, something like it was the olden days, has deserted Germany.

Many of the little fellows, who were guests of the American Army of Occupation Christmas committee last year, are hoping against hope that American Santa Claus may manifest himself, perhaps not personally, but by means of gifts through the mail. There is even some talk here that perhaps the American Legion, Veterans of Foreign Wars or some other such organization may not forget the poor children of Coblentz—now under French control.

Last year Christmas in Coblentz was turned into a real holiday and cheer was spread through the Committee of the Rhineland Post No. 700, Veterans of Foreign Wars.

The little kiddies here are still talking about the Christmas feast which the khaki-clad Santa Claus furnished for them. It included all the fixings, from soup to nuts. More than 250 children of the Coblentz district were made to realize that Santa Claus—at least last year—was not a fable. The dinner was served in the post club house, now empty. After the dinner last Christmas, Santa Claus actually appeared in person and distributed gifts to the needy ones. They consist-

ed of children's clothing, underwear and shoes, donated by the American colony in Coblentz. Following the appearance of St. Nick the kiddies were entertained by a real vaudeville show.

And with the American soldiers gone, the French police here in his stead and with the German Santa Claus packing a rather meager bag, it is easy to understand why this Christmas will be much different from that in 1922.

## LEARNED TO SHOOT HERE IN AMERICA

DALLAS, Oct. 22.—Many years ago a party of French immigrants came to this country and eventually settled on the banks of the Trinity. Among them was a boy, Gus Santerre, who was unable to shoot a rifle. He had determination and

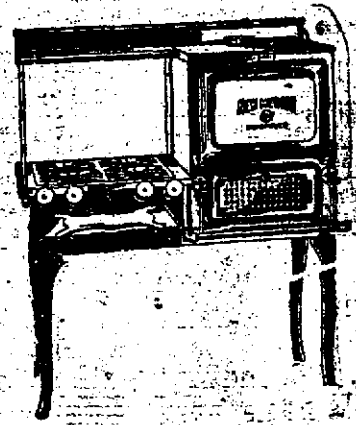

eventually mastered the art, proven by his recently shooting a large timber wolf which had been preying on the Santerre sheep fold. Santerre, now grown, brought the animal down on the run with a well placed rifle shot.

## To Hold Night Session In Dr. Cook et al Trial

FORT WORTH, Texas, Oct. 22.—Night sessions in the trial of Dr. Fredrick A. Cook and his 21 associates on charges of using the mails to defraud in connection with oil stock promotion, deals, will start next week, Judge John M. Killits announced in federal court here.

Every effort will be made to speed up the government's case against the defendants, Judge Killits said.

Government witnesses yesterday included purchasers of stocks in Cook's company, the Petroleum Producers association. Most of these testified they bought the stock as the result of letters and circulars received urging them to buy.

S. E. J. Cox, Houston, one of the defendants was under five yesterday when the government sought to prove he wrote letters urging stockholders to transfer their stock in companies in receivership formerly directed by him and assisted Cook in the latter's advertising and circularization campaign.

Attorneys for Cox argued that he had severed his connection with the Petroleum Producers association when the letters concerning stock in the association were written.

## Auto Races In Kansas City Today

KANSAS CITY, Mo., Oct. 22.—Fourteen drivers were prepared to qualify today for the 250-Mile championship speedway race here tomorrow. All drivers faced the necessity of pushing their cars over the board track at a speed of 100 miles an hour before being qualified to start. In practice spins all of the drivers have made laps at 110 miles an hour or better. A prize of \$90,000 is hung up for the winner.

If Eddie Beznec should win it will assure him sufficient points to claim the championship of America for 1923.

### CITATION BY PUBLICATION

THE STATE OF TEXAS,

To the Sheriff of any Constable of Limestone County—Greeting:

You are hereby commanded to summon S. W. Johnson, J. W. McWilliams, H. P. Tate by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Limestone County, to be held at the Court House thereof, in Groesbeck, Texas, on the first Monday in November, A. D. 1923, the same being the 5th day of November, A. D. 1923, then and there to answer a petition filed in said Court on the 12th day of October, A. D. 1923, in a suit, numbered on the docket of said Court as No. 4007-B, wherein A. E. Rosson and J. L. Cogdell are Plaintiffs and S. W. Johnson, O. L. Lusk, W. R. Jones, J. W. McWilliams, H. P. Tate, and Texas Trust Company are Defendants, and said petition alleging that on January 21, 1921, plaintiffs jointly executed a drilling contract and contract for leases to be executed and delivered to defendant, S. W. Johnson; that said contract is of record in Volume 111, page 206, deed records of Lime-

stone County, Texas. That in pursuance of said contract plaintiffs did execute and deliver to S. W. Johnson (whose initials in A. E. Rosson instrument by inadvertence were reversed and show as W. S. Johnson) Oil and Gas leases covering blocks or lots 5, 7, 13, 18, 19, 25, 27 and South half of lots 20 and 25, and 200 acres out of the P. Lloyd and D. Varela surveys, together with lots 47, 48, 49, 50, 51, 52, 53, 54, 55 and 57 (as shown by map and plat of the A. E. Rosson 1078 acre ranch and a portion of the J. L. Cogdell Estate. That the total acreage of both leases was 684 acres, 406 being out of the Rosson land and 234 out of J. L. Cogdell Estate, that the lease contracts are recorded in the deed records of Limestone County, Texas, in Vol. 112, page 173, and Vol. 113, page 387, which records give complete descriptions of the lands leased. Each of said leases provides as follows: "Should the first well drilled on the above described land be a dry hole, then and in that event if a second well is not begun on said land within twelve months thereafter, this lease shall terminate as to both parties, unless the lessee, on or before the expiration of said twelve months, shall resume the payment of rental in the same manner as hereinbefore provided."

That said S. W. Johnson and his assigns did drill one well on said lands in accordance with the conditions of said drilling contract and leases; that said well was finished and abandoned before and on the 18th day of August, 1921, same being a dry hole or non-producing well.

That no other well was begun on said premises until more than one year after the abandonment of said well on August 18th, 1921; that no one paid any rental on said land or

Plaintiffs further aver that said S. W. Johnson and his assigns assigned to defendants W. R. Jones, O. L. Lusk, J. W. ## Rotary Club Hears Mexia Cotton Market Conditions Discussed By Local Banker and Fellow Member

Blake Smith was leader at the Rotary Luncheon Thursday. He was assisted by Mrs. Blake Smith, T. A. Oldfather and David Murphy. Mrs. Smith and Mr. Oldfather favored the Rotarians with a number of musical selections. Mrs. Smith at the Piano and Mr. Oldfather playing the cornet. Mr. Murphy gave a very able discussion of the Cotton Market Situation in Mexia, urging that this was one of the most vital subjects that any club or set of business men here could consider. He gave a very comprehensive outline of the conditions that now exist and suggested that solutions of the problems could be reached, if the business interests of the city would but combine in their efforts along certain definite lines. His remarks were given careful attention and it is very probable that results will follow this talk before another cotton season rolls around.

Acting President Dr. C. P. McKenzie asked Rotarian Charles Puckett to report at next meeting just what the Boys Club in the Mexia High School proposed and how the Rotary Club might cooperate with them.

### SPORTLIGHTS

By JIMMIE

Saturday was Coach Doc Stewart's day at the State Fair Grounds. After a nip-and-tuck first quarter the Longhorns went on a stampede that the Commodores were unable to stop.

Texas upset the dope by defeating Vandy but it's the first real chance the Longhorns have had to deliver the goods.

The Aggies show that they are up to the old form by defeating the L. S. U. Tigers 28 to 0 and with Thanks giving only five weeks off, our blood is beginning to tingle a little already. There is no question about the prospects for a real battle at College Station Turkey day.

Baylor eliminated the Arkansas razorbacks from the Southwestern

Conference championship Saturday by defeating them 14 to 0.

Basil Jarvis, Papyrus' traicer has no alibi for losing Saturday's race, but we can now breathe lots easier because if the race had been run on a dry track there might have been another tale to tell. Zev showed to be a superior horse throughout the race and was at home on a muddy track, while the English horse felt about the same way a person feels the first time he tries roller skates.

Auburn gave the Army mule a little scare Saturday at West Point by scoring the first touchdown, but the soldiers were too much for the light team of the plainsmen who lost 28 to 6.

Our local boys got the short end of the score for the first time last Friday when the heavy team from Marlin scored two touchdowns against

them, but they have a good chance to "redeem" themselves next Friday when they meet the "strong" Groesbeck on the local grid. The Black Cats showed that they have a team that any High School could boast of and we are proud of them.

Notre Dame got the jump on Princeton when Young Don Miller skirted the Princeton right end and ran 70 yards for a touch-down, before the crowd had settled into place. Princeton was completely outplayed during the entire game, their only score of the game being a freak play in the second period, when a blocked punt resulted in a safety. The final score was 25 to 2.

Michigan got away with a 22 to 0 victory over Ohio State when the best they could do with Yardy was a measly little field goal which netted them 3 points. Look out dope.

"Bo" McMillan is putting his team on the map the same way he did Centre. Centenary has won every game played with ease. "Bo" has a team that averages around the 200 pound mark, and his choice of two backfields of different types. One is a light and shifty backfield and the other a heavy line plunging type.

### GOLF PAYS

DALLAS, Oct. 22.—The municipal golf course here is a paying proposition, according to Park Director W. F. Jacoby. He says that operation of the course costs about \$1000 per month and all of the surplus is

put back in improvements. The September revenue, totalled \$1761 of which approximately \$500 will be used to build a restaurant for the golf "bugs." The greens fees totalled \$869 during September. The course opened May 1, and according to Jacoby has averaged \$333 per month.

## General Goethals To Supervise The Intercoastal Canal

PORT ARTHUR, Oct. 22.—With the object of conducting a personal survey for the purpose of considering the feasibility of constructing the intra-coastal canal from New Orleans to Brownsville, General George W. Goethals, of Panama Canal fame, will establish headquarters in Texas within 30 days. The proposed canal would cover a distance of 900 miles and recent developments indicate its certainty.

JURY SAYS NOT GUILTY ARCHER CITY, Texas, Oct. 22.—Robert Fletcher trial on a charge of murder in connection with the death of his father-in-law M. C. Saylor and the latter's daughter in May 1922, was found not guilty by a jury here yesterday.

Fletcher was indicted in connection with the death of Saylor and his daughter after an automobile in which the three had been riding was wrecked and then caught fire and burned.

## W. U. Team Seeks A New Name

ST. LOUIS, Mo., Oct. 22.—(United Press.)—The football team of Washington University here this year has begun an attempt to escape from the nick-name attached to it as the result of the World's Fair here twenty years ago.

During the fair the strip of ground on which the university is now located was known as "The Pike."

It continued to be called so, and the football team from that same area became "The Pikers."

As "The Pikers," Washington's team was known over the Missouri Valley conference schools.

Now the team and its coaches have rejected the name, proclaiming themselves "The Bears." They don't even recognize themselves under the old moniker.

A call for a Ozark mountain bear as a mascot has been sent out, and the bear will be parked on the sidelines at the big games this fall.

### CITATION BY PUBLICATION THE STATE OF TEXAS.

To the Sheriff or any Constable of Limestone County—Greeting:

You are hereby commanded to summon J. R. Alford by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper in your County, to appear at the next regular term of the District Court of Limestone County, to be held at the Court House thereof, in Groesbeck, Texas, on the first Monday in November A. D. 1923, the same being the 5th day of November A. D. 1923, then and there to answer an amended petition filed in said Court on the 4th day of October, A. D. 1923, in a suit, numbered on the docket of said Court as No. 2456, wherein Betty Barnett Grocery Company, a corporation, is plaintiff, and N. R. Ferguson, J. A. Underwood, C. B. Jackson and J. R. Alford are defendants, said petition alleging that N. R. Ferguson, J. A. Underwood and C. B. Jackson are partners and doing business under the firm name of Commercial Hotel Company, and J. R. Alford was doing business under the trade name of the Rex Cafe; that plaintiff at the special instance and request of the defendant, Commercial Hotel Company sold to them on the several dates specified in an account certain goods, wares and merchandise being groceries needed in running said business; that in consideration of the sale of said goods, defendant promised to pay therefor the amount charged in said account, being \$604.20; that on October 14, 1921, plaintiff at the instance and request of defendant Rex Cafe sold and delivered to it goods, wares and merchandise which said Rex Cafe agreed to pay to the amount charged therefor being \$620.63, that said cafe was run by J. R. Alford until December 16, 1921, when he sold an interest in said cafe to the Commercial Hotel Company; that at that time said cafe owed this plaintiff the sum of \$589.88; that on or about December 16, 1921, J. R. Alford doing business under the name of Rex Cafe being indebted to the Mexia Wholesale Grocery Company in the sum of \$573.91 the said N. R. Ferguson, and J. R. Alford represented to plaintiff that the said sum of \$573.91 would not have to be paid within thirty days if he, the said Ferguson, would purchase an interest in the Rex Cafe; that said Commercial Hotel Company would pay said \$573.91 within thirty days; plaintiff agreed to said contract and in pursuance thereof the said Ferguson, Underwood and Jackson purchased an interest in said Cafe and in consideration thereof promised to pay plaintiff and the Mexia Wholesale Grocery Company the amount mentioned. That the said J. R. Alford transferred to the Mexia Commercial Hotel Company an interest in the Rex Cafe and placed them in possession thereof.

Plaintiff would show that it has purchased of said Mexia Wholesale Grocery Company for a valuable consideration the indebtedness due said Grocery Company from the Rex Cafe and the Commercial Hotel and the same has not yet been paid and plaintiff is entitled to recover said account.

That all of the said accounts are due and unpaid, and the defendants and each of them have refused to pay any part to plaintiff's damage in the sum of \$1845.14.

WHEREFORE, plaintiff prays the court that defendants be cited to appear and answer this petition; that upon a trial hereof they have judgment for said \$1845.14 with interest thereon, if it may be entitled.

Herein fail not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given Under My Hand and the Seal of said Court, at office in Groesbeck, Texas, this 4th day of October, A. D. 1923.

D. 1923, the same being the 5th day of November A. D. 1923, then and there to answer an amended petition filed in said Court on the 4th day of October, A. D. 1923, in a suit, numbered on the docket of said Court as No. 2456, wherein Betty Barnett Grocery Company, a corporation, is plaintiff, and N. R. Ferguson, J. A. Underwood, C. B. Jackson and J. R. Alford are defendants, said petition alleging that N. R. Ferguson, J. A. Underwood and C. B. Jackson are partners and doing business under the firm name of Commercial Hotel Company, and J. R. Alford was doing business under the trade name of the Rex Cafe; that plaintiff at the special instance and request of the defendant, Commercial Hotel Company sold to them on the several dates specified in an account certain goods, wares and merchandise being groceries needed in running said business; that in consideration of the sale of said goods, defendant promised to pay therefor the amount charged in said account, being \$604.20; that on October 14, 1921, plaintiff at the instance and request of defendant Rex Cafe sold and delivered to it goods, wares and merchandise which said Rex Cafe agreed to pay to the amount charged therefor being \$620.63, that said cafe was run by J. R. Alford until December 16, 1921, when he sold an interest in said cafe to the Commercial Hotel Company; that at that time said cafe owed this plaintiff the sum of \$589.88; that on or about December 16, 1921, J. R. Alford doing business under the name of Rex Cafe being indebted to the Mexia Wholesale Grocery Company in the sum of \$573.91 the said N. R. Ferguson, and J. R. Alford represented to plaintiff that the said sum of \$573.91 would not have to be paid within thirty days if he, the said Ferguson, would purchase an interest in the Rex Cafe; that said Commercial Hotel Company would pay said \$573.91 within thirty days; plaintiff agreed to said contract and in pursuance thereof the said Ferguson, Underwood and Jackson purchased an interest in said Cafe and in consideration thereof promised to pay plaintiff and the Mexia Wholesale Grocery Company the amount mentioned. That the said J. R. Alford transferred to the Mexia Commercial Hotel Company an interest in the Rex Cafe and placed them in possession thereof.

Plaintiff would show that it has purchased of said Mexia Wholesale Grocery Company for a valuable consideration the indebtedness due said Grocery Company from the Rex Cafe and the Commercial Hotel and the same has not yet been paid and plaintiff is entitled to recover said account.

That all of the said accounts are due and unpaid, and the defendants and each of them have refused to pay any part to plaintiff's damage in the sum of \$1845.14.

WHEREFORE, plaintiff prays the court that defendants be cited to appear and answer this petition; that upon a trial hereof they have judgment for said \$1845.14 with interest thereon, if it may be entitled.

Herein fail not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given Under My Hand and the Seal of said Court, at office in Groesbeck, Texas, this 4th day of October, A. D. 1923.

# THINGS SEEN AND HEARD IN KANSAS CITY IN A DAY

BY OUR WANDERING REPORTER

The Baltimore Hotel was robbed Sunday night by a bunch of high-jackers and the Police Department have been keeping a watch for a clew near the scene of the hold-up—forgetting that there might yet be a drag-net around I scoured around from my room today—which is just off the mez. floor and stopped just over the cashier's desk above the office on the lobby floor—was leaning against a marble rail watching the cashier count his money (possibly on a change of watch) when up to my side walks a stout individual and seemed to come closer than is usual the case. I looked up and who should it be but William J. Burns, Chief of the U. S. Secret Service. I knew him only by the resemblance to his pictures. I called him by name and he seemed surprised that I knew him. This aroused his suspicions the more on account of my knowing him; (as all crooks are well posted on the "vigilantes.") He wanted to know something of me and I told him, also that I was in room 133 of this hotel and that he could call on me at any time. But to be sure and make an appointment. I then walked down the steps and left Mr. Burns wondering if he hadn't let a clew slip through his net.

From here I walked over to the Muehlback Hotel and as I strolled through the lobby walked upon DeWolf Hopper, the old comic opera star who is now playing in the Mikado in the city. He is the same virile actor of old and I could not keep from recalling to him the days in the Hippodrome when he was ring master and counted his beauties at the stage door. While passing Pathe's theatre on 12th near McGee met a titan haired miss, whose face was very familiar, it was "Yvette" the musician. Many in Texas know her by her family name and her home as being in Cuero. She has won her honors and now has her own "collection" of synepaters that at this time is taking K. C. by storm. She has won her laurels by hard work and fascinates by a personality that goes over the footlights.

Stepped into Kress' to look over the Ding Dongs (I'm one of 'em so can talk about 'em.) You know you can find them in there—saw a frail creature with diamonds and a Ko-

linksy fur coat buying ten cent curtain rods—possibly to hang her "eternal" wave on.  
Now to those of you that have said vague and uncalled for remarks as to the modern goat or "goatess"—let me tell you that I stood at tenth and Main while a traffic jam was being ferretted out by a bunch on feet—in cars and six cops—while watching it my eyes fell on one of the so-called flappers—she stood peacefully watching what was taking place and all the time tying french knots in her chewing gum when all of a sudden a bent, grey-haired old soul of her own sex was caught in the jam—she rushed forward just in time to save her from the wheels of a benzine buggy that in another second would have crushed her. This flapper we speak of helped the old lady to the curb and with a bottle of smelling salts brought her back to earth and never did she miss a knot in chewing gum, so easy on the harsh words sometimes, they too have souls and a heart.

On further down McGee saw Houdini the great mystifier showing a policeman how to get out of a pair of handcuffs, and he did it. On my way back to the hotel was passing a shop window in which a Queen Tut was doing a demonstration "on" a vacuum cleaner. Just as I was passing a man and his wife also walked by, that is he tried to get by while his wife stopped. They were of the small town variety and evidently had come in to see the paved streets. She wanted to go in but he did not for a large sign in the window stated that it took just \$45.00 to take one of those cleaners home. She remonstrated and while she was trying to get Lover-Husband in "The Queen" comes out with a folder in her hand and engages "Mother" in a sales talk—I stopped to watch what would happen for "Father" was hot all over. He walked away and as I left them "Mother" was talking to a cop trying to find which direction her "Spend-thrift" protector had gone.

On a little further in front of Martha Washington's Mandy Shop a couple—she with the blue eyes and he with a mustache a la mode—I left them with her eyes on the Maple Creams and His mustache sagging at the ends. Such is life in a city—F. S. K.

## LITTLE FOXES

TREASURES

JONATHAN HUGHES ARNETT  
There are treasures untold  
In the heart of pure gold,  
Of the flower that grows by the way;  
And a melody rare  
Floats out on the air,  
As the birds sing the joy of the day.

We struggle and fret  
That gold we may get,  
And this may bring with it but strife.  
No money can buy  
The treasures that lie  
In the depths of a harmonized life.

## Overland Champion Is Farmer's Friend New Closed Model Is Beautiful All-Family Car with Wonderful Utility Qualifications

At last the farmer has been given a closed car of superior finish inside and outside, that he can utilize for various farm jobs and "chores" with the same cheerful abandon as he does his open touring car. Thousands of farmers have expressed the opinion that they would gladly use closed cars if they could press them into practical work and get out of them the same all-around service the touring car provides. This has been the farmer's winning argument for the touring car over the closed car for some years and it is admittedly a reasonable one. Practical service on the farm means the hauling of grain and other material of a highly "spillable" nature. A load of bran or shorts for instance leaves a car resembling the interior of a feed grinding room. Whole grain, despite every precaution, will persist in "creeping" out of the bags and scatter to every corner and crevice of the car. Summing up "practical service" for the farmer means the haulage of milk cans, live poultry, root crops, cans of kerosene, machinery oil, household supplies, garden tools, implements, parts, rolls of belting and a long list of every conceivable sort of usable material on the farm from wire fencing to an occasional live calf. No wonder the farmer hesitated to invest his money in a closed car. But now the wonder ceases with the advent of the new Overland closed car, fittingly named the Champion, for the good and logical reason that at \$885 it leads the world in closed car values and "champions" the cause of the farmer in every respect. This new model, having the many personalities as a South American Chameleon, can proudly claim the distinction of being called "America's most versatile car" for in introducing the Champion, Willy-Overland has succeeded in bringing out something absolutely novel and radically unique, in fact, a type of motor car that the farmer has long wished for—and now has. It is probably the most extraordinarily useful car for the farmer that has ever been produced, with an all-steel body built on a standard Overland chassis cradled on the famous Triplex springs and powered with the larger Overland engine. Exclusive features, utilities and economies mark this model as a remarkably convenient car, warranted to give the utmost in closed car benefits to the farmer. In the Champion, the rear seat and upholstery is entirely removable, providing fifty cubic feet of clear carrying space. Apart from this, both front and rear seats quickly adjust forward and backward. The front seat adjusts to three positions so that a tall driver can move it back to drive without leg cramp and a short driver can move it forward so as to reach the pedals without stretching. The rear seat can be adjusted backward so that rear seat passengers will not be crowded when the front seat is moved back. Another clever feature of this car and characteristic of the unusual foresight in design, is the arrangement of both front and rear seats which the upholstery can be entirely removed and made up into a luxurious bed in the car, occupying the whole length and width of the car. What a boon to the farmer and his family who want to spend the night away from home on a little hunting jaunt. But this does not end the many amazing advantages included in the Champion and perhaps the most outstanding superiority from the farmer's viewpoint is the fifty cubic feet of space obtainable in the car by removing the rear seat with the upholstery. This arrangement leaves an absolutely clear carrying space capable of real service to the farmer who can load his tools, bags of fodder, produce, and so forth, into the car through the wide rear door, with the satisfaction of knowing that the car can be thoroughly cleaned out later and the rear seat installed for passenger trips. The long grain Spanish upholstery is washable and wearable, to say nothing of being comfortable. Then on the back of the car is a commodious trunk of ample proportions with a warranted lock, in which there is plenty of room for personal effects when traveling or shopping in town. The Champion is solidly built with that thoroughness of workmanship characteristic of all Willy-Overland products. The unusually clever general utility points of this exceptional car are the result of long and careful study on the part of the designers, who had in mind at all times the farmer and his particular needs, and for this reason the Champion will have a strong appeal to the man living away from the metropolitan centers.

going about their different ways. And some have looked happy and some terribly bored. A girl said, "I wish I had something new—something exciting to do." Hobbies are blessed things. It need not be something particularly uplifting and intellectual. It may be a game of bridge, or singing, or the piano, or riding, or verse making. It will save many a situation, heal a hurt, and give a fresh lease on work and life. If you have a hobby cultivate it and cling to it. A hobby of course may be carried to excess and become a dangerous thing, but in most cases it is a splendid asset to living. ### HOBBIES.

"What makes people go crazy?" I asked once, a long time ago of a noted Texas doctor. "Lack of hobbies," said he. I thought about that a lots since. I asked the question again of a nurse in a State Asylum a few months past. "Monotony," she told me as she placed a fresh vase of flowers on a table. "Monotony is the deadliest of all things," she added as she swept a fallen petal into a waste basket. "Monotony of work, monotony of play, it is all the same." In a certain district of the New England Hills there is occurring today a strange degeneracy of a people. Due to the drab isolation of life an astounding percentage of the women bear the taint of insanity. Robert Frost, one of the most noted of living American poets, tells the tragic stories of these women in his last book of poetry. "Today I have watched people
